

## BESPOKE MOVING SERVICES FOR YOUR EMPLOYEES

**Our Employee Relocation services are designed to ensure that your employees experience a smooth move, from start to finish.**

With over 165 years in the removals and storage industry, and a nationwide network of branches, our unrivalled moving packages remove the stress of moving.

---

## **Bishop's Move's Employee Relocation services provide comprehensive moving solutions for your employees, and their families.**

A successful corporate relocation has a direct, tangible benefit to your business. Statistically, happy, settled employees are more productive and more likely to reach their full potential than their peers, no matter where in the world they are moving.

Our flexible range of relocation services includes secure storage, insurance and management information reporting to save your organisation time and avoid unexpected costs, whilst fully supporting your employees throughout the moving process.

---

Our employee relocation services include:

### **HOME MOVING SERVICES**

With a network of branches across the UK, and in Gibraltar and Spain, our local teams can undertake every aspect of your employees move, from packing to transportation. Plus using our global network of trusted partners and in-house International relocation team, our professional moving services are available worldwide.

## DE-CLUTTER & DONATE

Employees can easily donate unwanted items direct to charity through our De-clutter & Donate scheme.

On moving day, we can collect these items directly from your employee and donate them straight to our charity partners.

## CONCIERGE SERVICES

Our expert Concierge team are on hand to save valuable time for your employees. They can help switch utilities, sort council tax, find new GP surgery and redirect post. They can even be at the new residence to supervise the unpacking and assist the employee settle in to their new home.

## PACKING & TRANSPORTATION

Our professionally trained teams will fully pack the entire house, including wrapping china, glass, artwork and antiques.

We will then carefully transport all possessions to their new home and unpack on to flat\* surfaces.

(\*unless requested otherwise)

## ENHANCED UNPACKING

Enhance your employee's moving experience by having our professionals completely unpack and place items in their desired location.

This includes unpacking into cupboards, making beds and helping with the settling in process. It can be same day or the day after the actual move.
